# "My broker really did know best."

**Joe and the lightning strike could've spelled T-R-O-U-B-L-E without an Agro Pak.**

Joe finally finished harvesting and had full grain bins to show for it. The hardest part was over... or so he thought. A sunny day quickly darkened, bringing a thunderstorm with it and a lightning strike which burned over \$200,000 of fodder!

In years past, Joe only carried minimal amount of insurance on his grain, farm chemicals and fertilizer. Luckily, when he met with his broker last spring, they moved him to an **SGI CANADA Agro Pak** with the **Farm Produce Advantage**. There was coverage for his bales, and no penalty for not carrying full insurance limits on all of his farm inputs, feed and grain in the bin — a penalty he would've incurred if he had bought small limits of insurance on each item.

An SGI CANADA Agro Pak can protect you and your family from financial hardship. You work hard for your home and on your land so take care of yourself and your loved ones with SGI CANADA.

# “Farm Property Advantage was the real hero that day.”

**A welding mishap went up in smoke but Nelson was covered.**

Nelson was working in his welding shop when his wife called him for supper: roast beef was his favourite. He was just digging into his second helping when he saw smoke out of the corner of his eye — his welding shop was on fire!

With the strong wind that day, they couldn't get the fire out in time and Nelson lost everything inside. He had to have the building properly taken down so he could rebuild and there was even an invoice from the volunteer fire department who came to help fight the fire.

Looked like it was going to be a costly mistake but Nelson's broker came to the rescue, reminding him that he had purchased **Farm Property Advantage** with his **SGI CANADA Agro Pak**. The building's contents, the removal of the old building and even the firefighting bill were all covered.
