

In so many cases, you don't use insurance until the most challenging times in your life. You don't want to think about the worst that could happen - but you need to think about it. It can protect you and your family from financial hardship.

Good insurance is an act of care... here's why.

"Driver training didn't prepare me for this."

Sisters and garages didn't mix for Brett.

Brett was pumped. He had finally finished his drivers' licence probation and found the perfect used car to drive around town. His parents had a triple car garage and he was lucky enough to get spot number three for his new set of wheels - in exchange for driving around his younger sisters.

Coming up the driveway one day, he hit the garage remote while his sisters fought in the backseat. He was too busy trying to keep the peace to notice the door hadn't opened all the way... and he crashed into it.

The door was bent and couldn't be fixed. Luckily, Brett's parents had Prestige home insurance. The garage door was replaced and, since the original doors were no longer made, the other two garage doors were also replaced for a perfect match.

Prestige can protect you and your family from financial hardship. You've worked hard for your home and what's in it, so take care of yourself and your loved ones with SGI CANADA's Prestige.
