

In so many cases, you don't use insurance until the most challenging times in your life. You don't want to think about the worst that could happen - but you need to think about it. It can protect you and your family from financial hardship.

Good insurance is an act of care... here's why.

"Painting seemed like a good idea."

Marnie and Kevin's home improvement mishap floored them.

Marnie and Kevin were excited about becoming parents and started to get their home ready for the newest addition to the family.

Marnie wanted to paint the nursery, so Kevin got to it. He was doing a great job, but... when Marnie came to check the progress, she didn't see the open paint can and knocked "Serenity Lavender" all over the carpet in the baby's room! They had the same carpet in all three bedrooms, their living room and hallway.

The new carpet couldn't be matched to the old, and Marnie didn't want mis-matched carpet throughout her house. Because they had Prestige home insurance, all the carpet was replaced under their policy.

Prestige can protect you and your family from financial hardship. You've worked hard for your home and what's in it, so take care of yourself and your loved ones with SGI CANADA's Prestige.
